CORONADO UNIFIED SCHOOL DISTRICT

Definition of charge group users:

ACTUAL COST GROUP – applies to organizations which qualify under the Civic Center Act who exist for purposes of general character building and welfare purposes. Organizations that charge a fee for participating may be asked to comply with the guidelines for a nonprofit organization as determined by the Coronado Unified School District. If special facilities or services are required at unusual times, or are requested or required at times when normal services are not available, the additional cost of providing such facilities and/or services may be charged. Organizations which qualify for “actual cost use” include, but are not limited to, the following: Parent-faculty organizations; foundations or organizations created for the purpose of benefiting the District; Boy Scouts or Girl Scouts and other such organizations; School employees’ organizations; youth athletic organizations; recreational activities sponsored by the City government and the Recreation Department and booster clubs.

CHARGE USE GROUPS – those organizations that charge admission fees or solicit contributions and the net proceeds are not totally expended for the welfare of the pupils of the District or for charitable purposes. The District fees shall be reimbursed in amounts sufficient to pay the cost to the District for supplies, utilities and salaries of School District personnel made necessary by the use. Organizations which qualify for “charge use” include, but are not limited to, the following: (a) an Actual Cost Group organization which chooses to use school facilities for a meeting where an admission is charged or where a donation or contribution is solicited and the net proceeds are not expended for welfare purposes or benefit of the pupils in the District. This would also include an organizational meeting that is closed to the general public. (b) All other organizations which meet the legal requirements for usage of school facilities as set by the Educational Code. Church use of District facilities will be handled in accordance with established Board policy.

FAIR RENTAL GROUPS – use of facilities for commercial purposes shall apply to all citizens, associations, clubs or organizations which are not qualified for classification as actual cost users or as charge use users, yet are formed for recreational, educational, political, economic, artistic, or moral activities. Any moneys received may be used for the purposes other than the welfare of the pupils in the District or charitable purposes.

Organizations will be required to submit a refundable security deposit in the amount of \$500 for turfed areas and \$250 for all other areas. This security deposit shall be submitted with the application and will be refunded within a week after the event if there is no damage to the facility used. If damage occurs, the cost of repair will be deducted from the security deposit.
